

How to...Create an IVS Student and Guardian Account

The first step in becoming an IVS student centers on creating an account and completing the application. To do this, follow these steps:

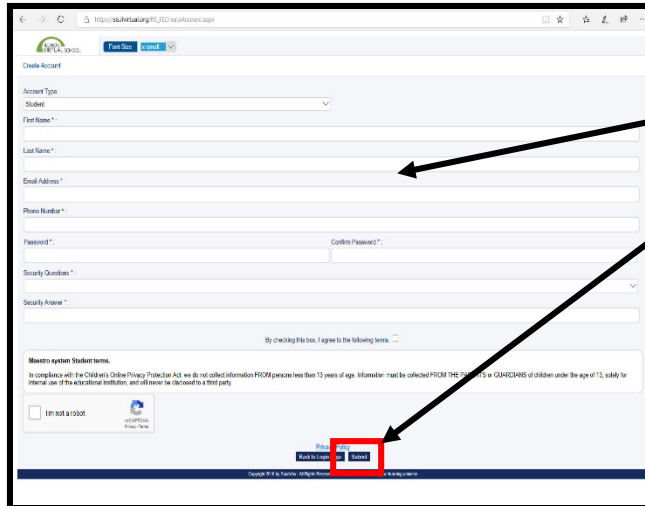

Part One: Create Student Account

Step 1: Type <https://sis.ilvirtual.org> in your web browser to go to the IVS Student Information System (SIS)

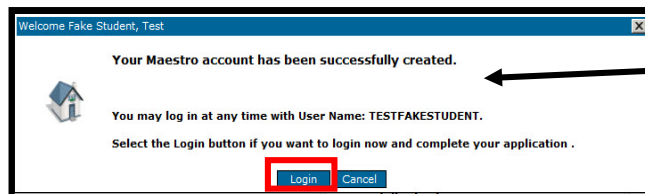

Note: You can change the font size using the drop down menu available at the top of the screen. Medium is the default font size.

Step 2: Click the **Create Account** box to the right of the login area.

Step 3: Complete all the required fields, check the box below the fields to agree to the IVS terms, click the "I'm not a robot", type the CAPTCHA if it appears, and then click the **Submit** button.

Note: The username is created by the system. The student can create his/her password.

A pop-up window will appear confirming your account creation and provides your username.

You will also receive an email from IVS containing your new username and password.

Step 4: Click the **Login** button to log into the system and complete Part Two: The Application (see page 2).

Part Two: Complete the Application and Create Guardian Account

Step 1: IVS recommends that you complete all the fields listed in this application in one sitting. However, you can save a partially filled application by clicking the **Finish Later** button.

In the **School Information** section, click the down arrow for the **Organization** field to locate your school building name (not district) from the drop down menu. Names are in alpha order.

Tip: You can type the first few letters in the field above the menu to filter your school name rather than scrolling through the list.

Home school students scroll down to the H's or type Home in the field above the list to select Home School.

When you locate your school name, double click on it to populate this field.

Finish Later

Parent/Guardian: you may submit an application to Blaine Virtual School for more than one student. Only choose Create Application for each student or your family planning to request the same courses. It is important that you remember the username and password you choose for each student.

Please complete all mandatory fields marked by a * next to the field name. You can save a partial (half) application by clicking the Finish Later button.

PLEASE NOTE: You will not be able to request or be enrolled in IVS courses until the student application has been submitted. You have received confirmation of application completion, and you can see your Dashboard at sign A. Full help guides for IVS account creation and student application submission can be found at <https://helpdesk.blainevirtual.org/cps/academic/0045388-Details-ivvs-account>.

Student Personal Information

First Name * Middle Name
Ziva
Last Name * Suffix
Farnsworth
Date of Birth * Gender * Unknown

Organization * :

A B SHEPARD HIGH SCH (CAMPUS)
A B INGTON-AVON HIGH SCHOOL
A-C CENTRAL HIGH SCHOOL
ACADEMIC CAREER ED HIGH SCHOOL

Home School

Step 2: Complete the required fields for the guardian(s). There can be two Guardian accounts, but only one must be added.

Note: The username will be created by the system, but you will create the password.

Important: Guardian accounts can be used to log in to this system and view student grades. However, the course itself cannot be accessed through this account.

Step 3: Click **Submit** to complete the application.

Confirmation of account creation is viewable at the top of the screen. An informational email is also sent to both the student and the parent/ guardian.

Note: If there are documents listed below the confirmation, please complete the required documents. If none are listed, you may disregard this notice.
