

Summer School

ILLINOIS VIRTUAL SCHOOL

The Illinois Virtual School (IVS) works with public, private, and home schooled students in an effort to expand educational opportunities and provide equal access to high quality, ILS-aligned courses for students in grades 5-12.

IVS can provide students with:

- A complete summer catalog of 143 full service and 37 credit recovery courses.
- Standards-aligned and NCAA accredited offerings.
- Continuous access to course content (24/7).
- Flexibility in scheduling through non-traditional start times.
- Experienced, Illinois-certified instructors.
- A dedicated help desk running a 99% satisfaction rate.
- Individualized instruction that occurs anytime, anywhere, and any pace.

"IVS has afforded [our district] the opportunity to offer Summer School courses that did not have sufficient enrollment to run as a part of our regular program. Our students have successfully completed both Credit Recovery and Full Service courses through IVS, and we love their flexible summer scheduling and competitive tuition rates. We just completed our 3rd year of working with IVS and look forward to our continued partnership in the future!"
– Steve, Partner School Registrar and Mentor

Summer Full Service Start Dates

April 11 - August 8

May 2 - August 8

June 6 - August 8

June 13 - August 8

Credit Recovery courses can start on any day of the year.
